

PORTERS RACE TEAM POLICY 2011

Porters Ski Area allows a maximum of three race lanes for gate training on the ski area at any one time.

Mountain rules have to be obeyed. The safety of the skiing public has to be assured at all times. All racers must ski slowly after finishing course and while approaching lift queues. Failure to comply with these safety rules will result in the instant removal of the race trainee's lift pass.

Location of training areas varies from day to day and has to be confirmed each morning with the Porters management. Snow conditions, visibility and high skiing traffic can limit the duration of training.

Normal time and location for race training is: 8am - 10am. One GS lane on skier's right and one slalom lane on skier's left of T-Bar 1. The slalom lane can be used all day. We also have one slalom lane at T-Bar 3 on skier's right which can be used from 9am to 12pm. There is no GS training after 10am.

On most days, an 8am start is possible, but this needs to be confirmed by Porters management each day.

Between 10 am and 4pm, only slalom training is available with a maximum of two lanes on skier's left of T-Bar 1 and one lane on skier's right of T-Bar 3.

There is no, or limited training, on weekends or very busy days during normal operating hours.

All courses have to be fenced off and set in a way that the safety of the skiing public is not jeopardised and lift passes have to be clearly visible. We do not offer lift queue privileges for race teams.

THERE ARE NO LIFT QUEUE PRIVILEGES.
